

20kw energy storage backup power supply rental

Where can I rent a battery energy storage system?

You can rent BESS daily, weekly or monthly in 8 provinces: Ontario, New Brunswick, Quebec, Nova Scotia, Manitoba, Nunavut, Prince Edward Island, and Newfoundland and Labrador. Does your Battery Energy Storage System (BESS) make a lot of noise? It works silently to ensure comfort for you and your surroundings.

Why should you rent a battery energy storage system?

Battery energy storage system rentals provide reliable, efficient power with low emissions. They can help reduce your company's carbon footprint while effectively charging a variety of tools and equipment. Our fleet of energy storage solutions operate at high efficiency, allowing you to get more power out of every drop of fuel.

What is a backup power system?

A UPS, or uninterruptible power system, provides backup power when your regular power source fails or voltage drops to an unacceptable level. A UPS is like a backup battery, designed for the safe, orderly shutdown of a computer and connected equipment. How do I test electrical equipment?
