What Is A Tariff? Put simply, a tariff calculates your bill.

Does Guernsey Electricity charge a monthly charge?

Where Guernsey Electricity is required to provide a standby electricity service for 'behind the meter' non-renewable energy installations (including CHP) with generation capacity in excess of 25kW, a monthly charge will be applied. For every kW of installed capacity, we charge the standby rate'

What is the electricity standing charge?

The electricity Standing Charge is the amount you pay per quarter to be connected to the electricity network, regardless of how much electricity you use. It covers the fixed costs to Guernsey Electricity of supplying electricity to our customers - such as importing power from Europe or maintaining the electricity grid.

Does Guernsey have a heat pump tariff?

There is also a dedicated Heat Pump Tariff. Guernsey Electricity reserves the right to interrupt a supply to dedicated heating tariff meters, in the unlikely event of severe network conditions for up to 30 minutes in a 24-hour period, with a maximum number of interruptions being four times per calendar year.

Why are Guernsey's prices so high in 2024?

Previously, we had locked in lower prices ahead of time, which protected islanders from the significant tariff increases seen in recent years across the UK. As these agreements end, we have faced higher costs than the fixed prices we've paid in the past. Inflation- Guernsey's inflation rate remained high in 2024.
