Who is Island Solar?

Island Solar is a company based in Nassau,Bahamasthat specializes in installing solar electric (photovoltaic) systems. They focus on commercial systems ranging from 50 kW to multi-megawatt utility scale systems,ensuring safety,high quality,and code compliance.

How do I go solar?

The first step to going solar is a site assessment. We evaluate your home or business's energy usage and utility rate to determine potential solar savings. With the initial evaluation we're able to determine payoff period and ROI. The solar systems we install typically have a payback between 4-7 years and a 18-20% return each year.

The Bahamas will continue to incentivize the purchase and use of residential solar panels, which can play an important role alongside utility-scale solar, especially in more remote communities, and in enhancing resilience.
