

Commercial energy storage supplier quotation in Bulgaria 2030

How much battery energy storage capacity does Bulgaria have?

Bulgaria has installed between 40 MWh and 50 MWh of battery energy storage capacity to date. However, new national legislation as well as funds provided through the European Union's Recovery and Resilience Facility (RRF) could add another 1 GWh of storage capacity over the next two years.

Why is energy storage growing in Bulgaria?

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.

How much money does the Bulgarian Energy Ministry provide for energy storage?

The Bulgarian Energy Ministry opened a tender procedure for supply of energy storage on August 21, 2024. The procedure aims to provide funding for construction and implementation of a 3,000 MWh stand-alone battery storage facility. The total amount of the grant that can be provided under the procedure is EUR 590 million (\$536 million).

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

What is a public call for energy storage?

The public call would be for individual projects for 10 MW to 300 MW in operating power and storage duration of at least two hours, translating to 20 MWh to 600 MWh in capacity. The scheme is aimed at supporting a minimum of 3 GWh in energy storage capacity. Eligible costs are calculated from March 9, 2023 until March 31, 2026 at the latest.

Fortunately, Bulgaria sits in the privileged position where it can profit from the experiences of other energy systems with high renewable shares. Here, battery-based energy ...

Ever wondered why companies like Tesla are suddenly obsessed with giant batteries? Commercial energy storage supplier services aren't just for tech giants - they're game ...
