

Enterprise ESS system cost breakdown in Brazil 2026

How did the external OEM enterprise storage systems market perform in 2024?

The external OEM enterprise storage systems (ESS) market reported annual growth of 3.6% in the fourth quarter of 2024, completing the year at 2.5% annual growth and \$33.5 billion in spending. Despite a recovery cycle after declines in 2023 the spending for the year was just \$100 million shy from the level of spending in 2022.

Will the external ESS market recover in 2025?

IDC expects that the recovery of the external ESS market will be pushed into 2025 as the strong growth in investments into computing infrastructure will start slowing down.

Should businesses synchronize ERP upgrades to Brazil's transition schedule?

Businesses must synchronize ERP upgrades to Brazil's gradual but firm transition schedule: Failure to prepare early risks significant disruption, financial penalties, and missed tax credit opportunities. Oracle EBS, while historically localized for Brazil's tax peculiarities, was not natively designed to accommodate CBS/IBS models:

What is Brazil tax reform 2026?

For ERP platforms, Brazil tax reform 2026 is not merely a fiscal adjustment; it constitutes a fundamental reengineering of tax logic, reporting obligations, and system compliance frameworks.

What is Brazil tax reform 2026 (CBS & IBS)?

Brazil Tax Reform 2026 (CBS and IBS): What's Changing? The CBS and IBS bring forward a unified dual VAT model intended to simplify Brazil's tax system while aligning it with international standards: Broad Tax Base: Goods, services, and digital goods will now share a unified taxation model.

How will the upcoming CBS/IBS reform affect companies outside Brazil?

The upcoming CBS/IBS reform will not only impact companies operating inside Brazil. It will also affect companies outside Brazil that conduct business with Brazilian entities -- whether through the sale of goods, provision of services, or digital transactions.
