

Enterprise ESS system project financing options in Singapore 2025

How will the Enterprise Financing Scheme (EFS - trade loan) change Singapore?

For example, there will be two enhancements to the Enterprise Financing Scheme (EFS), which enables Singapore businesses to access financing more readily across all stages of growth. First, the maximum loan quantum under the EFS - Trade Loan will be permanently increased from S\$5 million to S\$10 million.

What is enterprise Financing Scheme (EFS)?

The Enterprise Financing Scheme (EFS) is a government-backed financing program in Singapore that streamlines multiple SME loan schemes into one umbrella. Launched in October 2019 by Enterprise Singapore (ESG) (a government agency under the MTI), it consolidated eight previous schemes (from former SPRING and IE Singapore) into a single platform.

What is enterprise financing scheme - project loan (EFS-pl)?

The Enterprise Financing Scheme - Project Loan (EFS-PL) finances the fulfilment of secured overseas projects. GoBusiness is jointly developed as a Whole-of-Government initiative for businesses in Singapore to access Government e-services and resources.

What is EFS & how does it work in Singapore?

Encourages Long-term Capability Building: By offering financing for activities like automation (via fixed asset loans), international expansion (project loans), and acquisition of other firms (M&A loans), EFS is aligned with Singapore's broader push for companies to transform and upgrade. It nudges companies to invest in productivity and growth.

Who manages EFS-Green & Enterprise Financing Scheme (EFS-Green) in Singapore?

The Monetary Authority of Singapore (MAS) also supports related initiatives (for example, MAS launched a Green and Sustainability-Linked Loan Grant Scheme complementary to EFS-Green), but the EFS itself is chiefly managed by Enterprise Singapore. Enterprise Financing Scheme Program
