

Enterprise ESS system tender price in India 2025

How many GW of ESS capacity did Indian agencies tender in 2025?

The report highlights that Indian agencies collectively issued tenders for 6.1 gigawatts(GW) of Standalone ESS capacity during the first quarter of 2025.

Is ESS the cornerstone of India's utility-scale ESS auctions?

"The transition to low-cost,...Standalone Energy Storage Systems(ESS) are emerging as the cornerstone of India's utility-scale ESS auctions,making up 64% of the total tenders floated between January and March 2025,according to a new report by the Institute for Energy Economics and Financial Analysis (IEEFA) and JMK Research &Analytics.

How much ESS capacity does India have in 2025?

The report finds that various Indian agencies tendered 6.1 gigawatts(GW) of Standalone ESS capacity in the first three months of 2025. "Standalone ESS are ideal to facilitate the rapid development and deployment of variable renewable energy (VRE) resources across India.

Are energy storage systems the backbone of India's utility-scale ESS auctions?

Standalone Energy Storage Systems(ESS) are becoming the backbone of India's utility-scale ESS auctions,accounting for 64% of the total tenders issued between January and March 2025 alone,according to a new report by the Institute for Energy Economics and Financial Analysis (IEEFA) and JMK Research &Analytics.

How many GWh of ESS capacity tenders have been shared?

BOO 66% EPC 23% BOOT 7% Others 4% As of April 2025,153 GWh of ESS Capacity tenders has been shared of which 56 GWh is in various stages of execution and 55 GWh is in tendering process with 39 GWh tenders cancelled Technology Breakup of Tenders (GWh) 2018 - 2022 Note: Captures only projects/tenders in competitive bidding domain.

How much ESS capacity is operational in 2025?

Of the total ESS capacity,40% is under various stages of execution,27% is cancelled and 30% is under tendering process As of April 2025,BESS capacity of 400 MWh is operational,with ~0.5 GWh worth capacity expected to come online by Q2 2025 Source: Tender nodal agency websites,press releases,compiled by Debmalaya Sen

"In recent auctions, battery energy storage system tenders in Maharashtra and Rajasthan secured tariffs as low as Rs219,000-221,000 per megawatt (MW) a month (US\$2,561-\$2,586/MW/month), representing almost ...

Solar Energy Corporation of India Ltd. (SECI) has issued a Request for Selection (RfS) Document for setting

Enterprise ESS system tender price in India 2025

up a 125 MW/500 MWh standalone Battery Energy Storage System (BESS) in Kerala with VGF under ...

Such projects are increasing, thanks to government support. Standalone energy storage system (ESS) projects in India are gaining more attention as they account for 64% of ...

India's policymakers have recognised the importance of energy storage systems (ESS) to the country's evolving power landscape and have already awarded more than 8 gigawatts (GW) of such tenders, allocating 60% ...

National and regional agencies in India tendered for 9.5GW of utility-scale energy storage in the first quarter of 2025, with more than two-thirds for standalone systems. ...

Executive Summary Energy Storage Systems (ESS) will be the next major technology in the power sector over the coming decade. The latest standalone ESS tenders from Solar Energy ...

As of April 2025, BESS capacity of 400 MWh is operational, with ~0.5 GWh worth capacity expected to come online by Q2 2025 Source: Tender nodal agency websites, press releases, ...

2 ???· MIS Reports Tenders by Location Tenders by Organisation Tenders by Classification Tenders in Archive Tenders Status Cancelled/Retendered Downloads Debarment List ...

NTPC Renewable Energy (NTPC REL) has invited bids to set up 1,200 MW interstate transmission system (ISTS)-connected solar power projects integrated with a 600 MW/2,400 MWh (600 MW x 4 hours) energy ...

3 ???· Energy Storage Systems (ESS) Overview India has set a target to achieve 50% cumulative installed capacity from non-fossil fuel-based energy resources by 2030 and has ...

A 250 MW/500 MWh grid-connected battery energy storage system (BESS) tender in the Indian state of Telangana attracted a bid of INR 240,000 (\$2,800) per megawatt of battery capacity per month from domestic ...

A report by JMK Research in 2023 commented on the rise of grid-scale energy storage systems (ESS) via demand-driven tenders, and how this was becoming important for ...

Between January and March 2025, Indian agencies issued tenders for 6.1 GW of standalone ESS capacity, underlining the segment's growing importance in enabling large ...

Tenders Issued New RFS Issued: About 5100 MW of RE tenders was issued in March 2025. NHPC issued a 1200 MW ISTS-connected photovoltaic solar energy tender with 600 MW/1200 ...

Enterprise ESS system tender price in India 2025

[SMM Analysis]On June 19, 2025, the Solar Energy Corporation of India (SECI) issued a Request for Selection (RfS) document, initiating a competitive tendering process. ...

With continued battery price declines and government support, BESS will likely dominate future Standalone ESS tenders, ensuring faster and more cost-effective energy ...
