

Floor standing battery project financing options in Philippines 2025

Should the government hold an auction for battery storage capacity?

Philstar.com hosts its content but has no editorial control over it. ACEN president and CEO Eric Francia said the government should consider holding an auction for battery storage capacity to support the development of variable renewable sources, particularly solar energy.

Why is ACEN advocating a competitive bidding for battery storage projects?

MANILA, Philippines -- Ayala-led ACEN Corp. is advocating for a competitive bidding for standalone battery storage projects as the Philippines gears up for the entry of more renewable power capacity into the grid.

Should ACEN hold an auction for battery storage capacity?

ACEN president and CEO Eric Francia said the government should consider holding an auction for battery storage capacity to support the development of variable renewable sources, particularly solar energy. Many grid-connected projects, said Francia, are not generating a full output due to constraints in the country's electrical superhighway.
