

# Government procurement price of office building energy storage in Saudi Arabia

How much is Saudi Arabia's energy storage system project worth?

The engineering, procurement and construction (EPC) contracts for the three energy storage system projects recently awarded in Saudi Arabia are estimated to be worth over \$800m.

Who is Saudi power procurement Company (SPPC)?

Saudi Power Procurement Company (SPPC), licensed as the sole buyer of electrical energy and capacity from sources within the Kingdom, made the announcement on Monday (4 November). SPPC is soliciting bids for the development of four battery energy storage system (BESS) projects, each with 500MW output and 2,000MWh storage capacity.

How much battery storage will Saudi Arabia be able to deploy?

According to recently reported remarks from energy minister Prince Abdulaziz bin Salman Al Saud from an event held in the Kingdom, the country is targeting the deployment of 48GWh of battery storage by the end of this decade.

How will the new Bess procurement programme help Saudi Arabia?

The biggest share will be spent on transmission upgrades and renewable energy, with a smaller investment in the distribution network. SPPC said on Monday that the newly launched BESS procurement programme will enable Saudi Arabia to reach that 50% goal, with the current tender representing the first tranche of solicitations.

Does KSA have a storage service agreement with SPPC?

Each SPV will enter into a 15-year Storage Services Agreement with SPPC. As part of Vision 2030, KSA aims to supply 50% of its electricity from renewable energy by 2030 and has set a clear plan to transition its energy mix towards solar, wind and other renewable energy sources.

What if I win a storage services contract with SPPC?

Winning bidders will enter 15-year Storage Services contracts with SPPC for four battery storage projects, each of 500MW/2,000MWh output and storage capacity as set out in the table below. Bidders will retain 100% equity in their projects in special purpose vehicle (SPV) companies.
