

New Delhi: Reliance Infrastructure has secured a Letter of Award from NHPC for setting up a 390 MW interstate transmission system-connected solar power project along with ...

Huijue's Smart New Energy for industrial, commercial & home use. Combining efficiency, safety, and scalability, it meets your power needs with optimized usage and real-time monitoring. ...

The Residential Energy Storage Incentive is available for New York State residents installing grid-connected energy storage on a new or existing home. Incentives are ...

Wins for solar-plus-storage in tender "prove energy storage is integral to greener Germany" what was notable is that all of the projects which won combined solar PV with battery energy ...

In the regulatory filing, the company said the win marks a major milestone in its strategy to transition towards clean energy. "This successful bid underscores Reliance Group's ...

SJVN's auction to develop 1,200 MW of ISTS-connected solar projects with 600 MW/2,400 MWh energy storage systems has discovered an L1 tariff (lowest bid) of INR ...

A 535MW fleet of aggregated household battery storage systems, including Tesla Powerwalls, effectively reduced net load on the California grid in a recent test event. The ...

A key solution that could reduce emissions from industrial heating processes is thermal energy storage (TES). From their market report, & quot;Thermal Energy Storage 2024-2034: ...

Why Brazil's Latest Energy Storage Wins Are Turning Heads When Brazil's energy storage power station projects won recent bids, it wasn't just a local headline--it sent ripples across the global ...

Well, Sweden just clinched a landmark bid for thermal power storage --a move that's sparking chatter from Stockholm to Silicon Valley. But what does this mean for the global ...

As India ramps up its renewable energy goals, projects like these reinforce the role of state-led enterprises in building future-ready, clean infrastructure. NTPC Green's latest ...

Liquid cooling schemes have obvious comprehensive advantages in ensuring the safety of energy storage systems and heat radiation efficiency. In the scheme, water and other coolants are ...
