

How to apply for energy storage power station subsidy policy

How to apply for power subsidy?

To apply for power subsidy, give a missed call or send a 'Hi' WhatsApp message on 7011311111. A subsidy form will be sent to you on WhatsApp. Fill in the details carefully, submit the form, and your registration will be completed within 3 days, activating the power subsidy cycle.

Should I install a battery or energy storage system?

Installing an energy storage system can help you prepare for a PSPS or other outage types. A battery will use stored grid or solar energy to keep your home running when grid power is disconnected.

Do I NEED Solar to qualify for energy storage?

No, you do not need to have solar to qualify for this program. Energy storage allows for self-supply during outages for added resiliency. If your main electrical panel is configured to only have critical load (e.g., a few lights, refrigerator, A/C) on, your energy storage system will last longer.

Should I install energy storage?

If your main electrical panel is configured to only have critical load (e.g., a few lights, refrigerator, A/C) on, your energy storage system will last longer. If you install energy storage, you can also take advantage of load-shifting to maximize your energy consumption during off-peak pricing and benefit from Time-of-Use (TOU) pricing control.

Can I use load-shifting if I install energy storage?

If you install energy storage, you can also take advantage of load-shifting to maximize your energy consumption during off-peak pricing and benefit from Time-of-Use (TOU) pricing control. How do I apply? Visit the SCE Battery Marketplace to explore your options with approved vendors.

How do I qualify for a storage installation attestation?

To qualify, you must: Provide an attestation stating that the storage installation site is a primary residence (not a second home, vacation rental, or other residence that is not a primary residence) occupied by either a homeowner or tenants, and that the residence is not provided water by a municipal or private utility.
