

5 ???&#0183; An engineering-led collaboration between Sulzer and Highview Power will help provide long-duration energy storage at Highview Power's new facility at Carrington, Manchester, ...

Liquid air energy storage technology uses off-peak or excess energy to compress, liquefy and store air in insulated tanks. The air is then evaporated, expanded and heated to produce power when demand is high. LAES solutions can be ...

When we think about energy storage, batteries tend to take centre-stage. However, it's critical to explore long-duration energy storage solutions that go beyond batteries ...

LiquidPower Specialty Products Inc. (LSPI), a Berkshire Hathaway Company, is the global leader in the science and application of drag reduction. LSPI's portfolio of pipeline flow improvers offers solutions for light to heavy crude oil products ...
