

PetroChina Natural Gas Pipeline Engineering Co., Ltd., China Construction Third Engineering Division Group Co., Ltd., and China Energy Construction Group Northeast Electric Power First ...

A key solution that could reduce emissions from industrial heating processes is thermal energy storage (TES). From their market report, & quot;Thermal Energy Storage 2024-2034: ...

The winning bid price for this phase of the project was about RMB 394 million. Hefei Gotion High-Tech Power Energy Co., Ltd. is responsible for the construction of the DC side of the energy ...

The project is the first electrochemical energy storage power station in China that uses a large-capacity semi-solid-state battery and sodium-ion battery hybrid technology ...

It uses the same EMS (Energy Management System) solution as the University of Canton (China), integrating a medium-voltage microgrid with distributed energy sources, ...

Royal Dutch Shell and PetroChina are to buy the bulk of Australian coalbed methane (CBM) player Arrow Energy's assets with a sweetened A\$3.5 billion (US\$3.2 billion) cash offer, giving ...

NTPC Green Energy Ltd has emerged as the winning bidder for a major battery energy storage project in Kerala, securing a cumulative capacity of 80 megawatt (320 ...

Today, PetroChina opened bids for a 100kW electrolytic hydrogen production unit. The tender announcement indicated that, in response to the national & quot;dual carbon&quot; ...

PetroChina (PCCYF) is positioning for a strategic shift with a proposed 40 billion yuan (\$5.6 billion) acquisition of three natural gas storage companies from its parent, China ...

Narada Power Source has won the bid for China Tower Corporation's 2025 centralized tender for valve-regulated sealed lead-acid (VRLA) battery products, with a contract value of ...

China Electric Power Construction Corporation undertakes a billion dollar energy storage project in Xinjiang with a rational quotation, promoting the industry to move towards a ...

For PetroChina, the move is about shoring up its balance in a market where crude revenues are slipping and refining margins are thin. Storage gives it flexibility--more ...

Explore PetroChina's strategic shift towards clean energy with investments in battery swapping, hydrogen,

and LNG. Discover their path to a sustainable future.

The project is a new energy storage demonstration project supporting the construction of large-scale scenery bases in desert, Gobi and desert areas, and is also the ...

Pinggao Group wins bid for largest energy storage project in Africa Report this article Pinggao Group International Engineering Co.,Ltd. Sungrow Hydrogen has won the bidding of China ...

Recently, the list of shortlisted candidates for PetroChina's 2024 1.125GW/2.5GWh energy storage system centralised procurement was announced, with a total of 13 companies making ...
