

In the first quarter of 2025, Standalone ESS tenders reached 6.1 gigawatts (GW), which accounted for 64% of all utility-scale energy storage tenders, which included all other use ...

The latest standalone ESS tenders from Solar Energy Corporation of India and NTPC will augment capacity manifold and help develop the local ecosystem. Given that ESS technology is in its infancy in India, the ...

In what is described as the largest energy storage procurement in China's history, Power Construction Corporation of China (PowerChina) is targeting an unprecedented cumulative storage capacity of 16 GWh. The bids ...

Somalia opens tender for hybrid solar project: A tender is open for the design, supply and installation of 10 MW of solar alongside 20 MWh of battery energy storage in northeastern ...

NHPC Limited is seeking to select Solar Power Generators for the establishment of 1200 MW grid-connected solar PV power projects with 600MW/1200MWh Energy Storage Systems ...

The Solar Energy Corporation of India (SECI) has floated a Request for Selection (RfS) to identify solar power developers for setting up 2,000 MW of ISTS-connected ...

India Business News: SECI has invited bids for 2,000 MW of grid-connected solar projects with co-located energy storage, aiming to stabilize India's renewable energy grid.

The National Renewable Energy Laboratory (NREL) publishes benchmark reports that disaggregate photovoltaic (PV) and energy storage (battery) system installation costs to inform ...

Singapore has limited renewable energy options, and solar remains Singapore's most viable clean energy source. However, it is intermittent by nature and its output is affected by environmental ...

The Solar Energy Corporation of India (SECI) has issued a request for selection to set up 2,000 MW interstate transmission system (ISTS)-connected solar projects, along with ...

The Bangladesh Power Development Board (BPDB) has floated 12 tenders for a total capacity of 353 MW grid-connected solar power projects. The last date to submit bids is ...

With the new storage clause for future solar tenders, the ministry expects to install approximately 14 GW/28 GWh of storage by 2030. It sees the fall in battery prices to help lower the power purchase costs during ...

The Bangladesh Power Development Board is inviting bids for the installation of 12 grid-tied solar projects to be located across the country with a combined capacity of 353 MW. The deadline for ...

The Bangladesh Power Development Board (BPDB) has launched a tender for the installation of 1.78 GW AC of grid-connected solar PV capacity across 19 locations in the country. Operating under the Ministry of ...

We are collecting all the tender and auction notices of Solar Power / Panel & Ancillaries, Bangladesh from nearly 120 national and regional daily newspapers and 1000 websites as well ...

India's Power Ministry has issued an advisory requiring new solar power projects to incorporate energy storage systems to enhance grid stability and reduce power ...
