

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Can I add solar battery storage to my home power system?

With battery backup and non-backup options available, SunPower makes it easy to add energy storage to any home. Learn more about the benefits of adding solar battery storage to your home power system.

Why should you buy a Powerwall Solar System?

Each unit is self-contained with an integrated solar inverter for added efficiency, resulting in fewer parts and faster installation. This helps make multi-unit systems more affordable and system expansions easier in the future. Powerwall can power your entire home with one unit, making whole-home backup protection more affordable.

How can SunPower help you maximize your solar savings?

Talk to a SunPower expert today to find out how it can help you potentially maximize your solar savings. Your Energy. Your Control. Your Future. Reimagine how you interact with energy. Our solution transforms solar from a daytime solution into an all-day, all-night power strategy.
