

# Successful bid price of enterprise ESS system project in Belgium 2025

Who financing Bess projects in Belgium?

The commercial financing is provided by KBC Bank (senior loan provider) and Wallonie Entrepreneurs (junior loan provider) and marks a significant advancement in the financing of BESS projects in Belgium. Large-scale battery energy storage is needed to reliably integrate increasing volumes of renewables on the Belgian grid.

Is ESG a diversified platform for the energy transition in Belgium?

As a frontrunner in the energy transition, Energy Solutions Group, supported by its shareholders Patronale Life, Alpha and SFPIM, is committed to further investing in the energy transition in Belgium. Battery storage is an important part of ESG's strategy to become a diversified platform for the sustainable energy transition.

What is ESG's Bess project?

It is located on an industrial site next to an ELIA high-voltage substation, a key site for integrating renewable energy into the Belgian grid. This project marks ESG's second and largest BESS (Battery Energy Storage System) in its portfolio, reinforcing its commitment to energy transition efforts in Belgium.

How many Bess contracts have been secured this year?

On the last day of October, system operator Elia published the results of the CRM auctions held this year, showing that a total of 450 MW of BESS had secured contracts. For the first time, two auctions were held simultaneously, namely the last auction (Y-1) for the 2025-2026 delivery year and the first auction (Y-4) for the 2028-2029 delivery year.

How many MW of Bess was contracted in 2025-2026?

Elia announced that the goal had been achieved for the 2025-2026 delivery year: "security of supply is guaranteed, and sufficient volume has been contracted". A total of 100 MW of BESS was contracted in this procurement exercise.

What is ESG's Bess (battery energy storage system) project?

This project marks ESG's second and largest BESS (Battery Energy Storage System) in its portfolio, reinforcing its commitment to energy transition efforts in Belgium. Frederik Jansen, ESG's CTO, emphasized the collaborative efforts of partners Spie, Yuso, Sweco, House of Projects, and Tesla in delivering this pioneering project.

Satluji Jal Vidyut Nigam (SJVN), a designated Renewable Energy Implementing Agency (REIA), has invited bids to build a renewable energy power project with energy storage system (ESS). The developer for ...

2025 is likely to see battery prices surge in the United States on the back of increases in tariffs and duties imposed on battery energy storage systems and their components from China. While lithium iron phosphate
